

Thursday 14 May 2020: 16.30 - 17.45 ePoster Presentations (by board and slot)

Board No 1: Pick of the Posters

Poster Number	ID	Board No	Slot	Title	All Authors
P.1	5711	1	1	OBS Cymru: a health economic evaluation	<u>M Dale</u> , S Bell, C Scarr, R Collis, K James, G Carolan-Rees, P Collins
P.2	5797	1	2	The Cappuccini test in obstetrics - what can we learn?	<u>J Fletcher</u> , C Kenyon
P.3	5739	1	3	TEG6s CFF can rapidly detect low Clauss fibrinogen during postpartum haemorrhage	<u>T Roberts</u> , L DeLloyd, J Freyer, L Purser, P Collins, R Collis
P.4	5773	1	4	Educational requirements needed for the appropriate delivery of the Enhanced Maternal Competencies framework	D Chambers, L Smith, <u>D Verma</u>
P.5	6818	1	5	Cell salvage: what are we missing?	<u>SM Pooley</u> , TE Baumer, G Picton, JL Stevens
P.6	6840	1	6	Haemoglobin drop in non-obese and obese women following postpartum haemorrhage $\geq 2.5L$	<u>B Price</u> , T Roberts, S Bell, R Collis, L De Lloyd
P.7	5712	1	7	Antenatal anaemia in women refusing blood products	<u>RA Ojo</u> , JA Pickett, ME Jones
P.8	5770	1	8	Peripartum hyponatraemia: improving awareness and accurate fluid balance monitoring through a multidisciplinary education programme	<u>L A Iles</u> , T A Tanqueray, G Blum
P.9	6870	1	9	Predicting epidural space depth in an obstetric population using patient demographics	GPR Sutherland, M Shaw, <u>MA Broom</u>
P.10	6935	1	10	Baseline blood pressure at emergency caesarean section during labour: which reading?	<u>DGP Luther</u> , S Scholes, N Wharton, SM Kinsella

Board No 2: Blood Matters

Poster Number	ID	Board No	Slot	Title	All Authors
P.11	5726	2	1	Managing anaemia in pregnancy, can we do better?	<u>N Clark</u> , A Turnbull, KW Tan
P.12	6862	2	2	Identifying pregnant patients at risk of iron deficiency anaemia	<u>A Turnbull</u> , N Clark, KW Tan
P.13	6890	2	3	Blood product usage during Major Obstetric Haemorrhage in a Scottish tertiary referral centre, before and after the implementation of a ROTEM® coagulation monitoring algorithm.	<u>F Harding</u> , E Stewart, S Thompson
P.14	5702	2	4	Alloimmunization following obstetric intraoperative cell salvage (IOCS) - is it a problem?	<u>V Bell</u> , C Laxton
P.15	5784	2	5	OBS Cymru complex intervention facilitates early assessment and improved outcomes during major postpartum haemorrhage	<u>T Roberts</u> , L De Lloyd, S Bell, D James, M Bray, A Ridgeway, P Collins, R Collis
P.16	5798	2	6	Reduction of blood transfusion in parturients after introduction of an IV iron infusion service	<u>S Solai Dhanashekar</u> , D Muthuswamy, Z Kotyra, M Sadek, KK Ramaswamy, S Soltanifar
P.17	5815	2	7	Use of NSAIDs in the Context of PPH within South Wales	<u>E Powell</u> , J Tozer, R Volk
P.18	6934	2	8	Post WOMAN trial: Re-audit of tranexamic acid use in PPH	<u>ARD Field</u> , RA Ojo, JH Bamber
P.19	6819	2	9	Massive obstetric haemorrhage: a bloody waste	<u>CA Armstrong</u> , HS Smyth, YZ Nawaz
P.20	5800	2	10	Transfusion during massive obstetric haemorrhage: Beware the haemoglobin transfusion triggers	<u>E Thomas</u> , T Roberts, S Bell, R Collis, L De Lloyd

Board No 3: High-Risk Pregnancy

Poster Number	ID	Board No	Slot	Title	All Authors
P.21	5769	3	1	Obesity in obstetrics: a 'growing' concern	<u>CL Armstrong</u> , S Marcus, C Bryson
P.22	5766	3	2	Managing Obstetric Patients with Mitral Valve Disease in a Tertiary Centre	<u>R Black</u> , Kara Bruce-Hickman, O Glesa
P.23	5783	3	3	Obstetric and foetal outcomes in the morbidly obese parturient in a London tertiary centre	<u>JH Lee</u> , N Nguyen-Lu
P.24	5796	3	4	Evaluation of planned and actual mode of delivery for patients attending a tertiary cardiac antenatal clinic.	<u>L Stacey</u> , L De Lloyd, H Francis, H Wallis, M Adamson
P.25	6976	3	5	Aspiring for excellence - single centre management of placenta accreta spectrum	<u>N Akhtar</u> , S Dinesh, P Karkhanis, I Ahmed, S Irani
P.26	5814	3	6	The influence of maternal body mass index on anaesthetic and surgical times for caesarean delivery: A large, single centre, observational study	<u>S Lawrence</u> , E Malacova, D C Reutens, D J Sturgess
P.27	6904	3	7	A 6 year review of obstetric operative activity referred to a tertiary university hospital from a stand-alone tertiary maternity hospital.	<u>R Kearsley</u> , I Browne
P.28	5780	3	8	Anaesthetic considerations in the morbidly obese parturient in a London tertiary centre	<u>JH Lee</u> , N Nguyen-Lu

P.29	6844	3	9	Morbid obesity and caesarean section: increasing the anaesthetic challenge.	J Critchley, F Denison, N Lone, A Wise
P.30	6841	3	10	Maternal and neonatal outcomes in pregnant women with mechanical prosthetic valves-a retrospective database analysis	P Scales, N Al-Sakini, R Mercaldi, P Odor, S Bampoe, F Walker

Board No 4: Enhanced Maternal Care

Poster Number	ID	Board No	Slot	Title	All Authors
P.31	5700	4	1	Major obstetric haemorrhage and transfusion practice at a large acute district general hospital	A Garland, A Dobru, C Pritchett, C J Ralph
P.32	6858	4	2	"Zeroing" the training gap in maternal critical care	C Armstrong, J Eastwood, S Marcus, J Wilkinson
P.33	6851	4	3	Data collection in enhanced maternal care - Do we finally have a workable solution?	Brian Wilkinson, H Kemp, H Farrow, S Winfield, R Musgrave, S Harris, D Homer
P.34	6941	4	4	Dual Care management in the perinatal period. A programme to deliver maternal critical care with minimal impact on resources.	L Carlson-Hedges, S Cantellow
P.35	6897	4	5	Maternal enhanced care: better with or without baby on board?	G McCreath, J Gardner, K Slade, N Logan, K Litchfield
P.36	6915	4	6	Obstetric high dependency units - staffing, training, and then there's baby	JA Livesey, A Wise
P.37	6911	4	7	Obstetric high dependency data collection - a Scottish perspective	JA Livesey, P Smith, A Wise
P.38	6871	4	8	A new high dependency unit requires a new approach to training	J Kilty, R Bowe, A O'Donoghue, K Sherlock, I Browne, T Tan, S Mac Colgain
P.39	7011	4	9	Is qSOFA, quick sequential organ failure assessment, useful in obstetric patients?	S Jamil, J Gardner, K Litchfield, K Slade, N Logan
P.40	6967	4	10	Evaluation of admission of pregnant women to ICU directly from community in a DGH - 10 year review	J Colfar, SD Singaravelu

Board No 5: Labour Analgesia

Poster Number	ID	Board No	Slot	Title	All Authors
P.41	5799	5	1	Can epidural labour analgesia reduce the cesarean section rate?	KK Ramaswamy, SS Solai Dhanashekar, N Hooker, M Sadek, Z Kotyra
P.42	6861	5	2	Spinal catheters after accidental dural puncture in epidurals for labour analgesia, more trouble than they're worth?	D Adshead, H Harrison, F Roberts
P.43	5709	5	3	Epidural analgesia and mode of delivery in 662 women receiving syntocinon augmentation of labour	AG Ray, R Sharp, M Kelsey, C Marsh
P.44	6853	5	4	A qualitative study of trainee anaesthetists experiences of undergoing regional analgesia for labour	HI Kemp, R Alder, S Yentis
P.45	6898	5	5	Impact of standard operating procedures guided epidural labour analgesia programme: an interrupted time series analysis	SB Panta, PR Bhattarai, A Sharma, U Basnet, R Khadka, K Pradhan
P.46	5804	5	6	Remifentanyl as a labour analgesic in parturient with heart disease – a tertiary centre review	M Elriedy, K Bhatia
P.47	6842	5	7	Epidural analgesia for labour	SF Higgin, K Whitehouse
P.48	5806	5	8	Introduction of a Programmed Intermittent Epidural Bolus with Patient Controlled Epidural Analgesia programme for labour analgesia in a UK tertiary maternity unit; comparison with Continuous Epidural Infusion	A Kelly, C Platt, M Entwistle
P.49	6847	5	9	Ease (grade) of spinal palpation in predicting the difficulty and failure rate of epidural placements in parturient women	IT Smith, V Karthikeyan, S Fludger
P.50	5802	5	10	Successful trial of instrumental delivery and mode of anaesthesia: a two-centre two-year study	IT Rees, M Turner, NL Boyer, RGP Hughes

Board No 6: Caesarean section

Poster Number	ID	Board No	Slot	Title	All Authors
P.51	6947	6	1	Audit of management of glycaemic control in diabetic women undergoing elective caesarean section in a tertiary obstetric unit	L Yarlett, SE Harries, SF Bell
P.52	5755	6	2	No need for intraoperative diclofenac, with high dose postoperative ibuprofen	D Adshead, I Wrench, P Sawford
P.53	6879	6	3	The efficacy of a simple analgesia regime post caesarean section - is a change needed?	J Wardlaw, C Hall, O Lubeigt, P Chua
P.54	6843	6	4	A clinical evaluation of McGrath MAC Videolaryngoscope in a tertiary obstetric unit.	J Critchley, J McLenachan, N Alexander, K Theodosiou, A McNarry
P.55	6872	6	5	Total intravenous anaesthesia for caesarean section	MA Clayton, RL May, AL Richardson, DN Lucas

P.56	6986	6	6	Post caesarean section analgesia: a 5 year service evaluation following introduction of tramadol	<u>CM Routley</u> , JF Lopes Vieira, T Blagova, C Papageorgiou
P.57	5737	6	7	Prediction of post-spinal hypotension in caesarean section by using femoral vessel doppler studies- a cross sectional observational study	<u>L Nair</u> , E Johnson
P.58	5734	6	8	Supporting mother / infant skin to skin contact in the operating theatre at planned caesarean delivery	<u>G Campbell</u> , M White
P.59	7002	6	9	The provision of trained recovery staff to provide post-operative obstetric care in a tertiary referral obstetric unit: audit guided quality improvement.	<u>S Kanani</u> , A Pillai
P.60	6884	6	10	Stroke volume optimization using oesophageal Doppler monitor in women with preeclampsia during caesarean section	<u>T Ilic-Mostic</u> , D Milenkovic, D Mostic Stanisic, J Gunjic

Board No 7: Complications

Poster Number	ID	Board No	Slot	Title	All Authors
P.61	6814	7	1	Are we achieving left lateral tilt for our patients undergoing caesarean section?	<u>K L Thorup</u> , D R Uncles
P.62	5746	7	2	Attenuating spinal-induced hypotension with ondasetron in parturients undergoing caesarean section.	J Ogah, <u>Ajibola Otegbeye</u>
P.63	5754	7	3	Relaparotomy following caesarean section – a prospective case series from a tertiary centre	<u>TE Dixon</u> , NA Tageldin, K Bhatia
P.64	6823	7	4	Management of retained placenta	<u>MCD Mawathage</u> , T Mokashi, P Kajekar, J Lam
P.65	6865	7	5	Peripartum Hyponatraemia: A Deanery-wide Survey	<u>J Lloyd-Evans</u> , E Thomas, V Victor
P.66	6901	7	6	An evaluation of the introduction of local guidelines and education on the incidence of moderate and severe peripartum hyponatraemia	<u>P Mehrotra</u> , P Chhaniyara, L J Tata, A Pillai
P.67	6831	7	7	Factors influencing the likelihood of developing a post-dural puncture headache following an epidural during labour	<u>S McGowan-Smyth</u> , C Macrokanis
P.68	5723	7	8	Intra-op nausea and vomiting following ergometrine use during caesarean section	<u>S Paramanathan</u> , S Elliott, R Patel, G Stocks
P.69	6912	7	9	Peripartum Hyponatraemia: A Regional Survey of Midwives	<u>E Thomas</u> , J Lloyd-Evans, V Victor
P.70	6953	7	10	Postoperative side-effects or complications after LSCS under neuraxial anaesthesia	<u>GP Abela</u> , R Irwin, T Tan

Board No 8: Risk Management

Poster Number	ID	Board No	Slot	Title	All Authors
P.71	6889	8	1	The impact of OBS Cymru on a single District General Hospital	<u>IE Roberts</u> , I Volikas, S Bell
P.72	5787	8	2	Levelling the cockpit: Co-PILOT for obstetric general anaesthesia	<u>IT Rees</u> , TJ Rees, J Tozer
P.73	6820	8	3	A quality improvement project to establish effective and concise documented handover instructions of obstetric patients post-operatively.	<u>J Stephens</u> , R Bedson, C Rao
P.74	6859	8	4	HiVE – Human factors in virtual emergency category 1 caesarean section training: A novel use of nature in obstetric human factors training	<u>CM McGlennan</u> , KL Gough
P.75	7016	8	5	Using an 'appreciative approach' in the delivery suite to instigate change and improve safety	<u>LA Beard</u> , L Harkett, K Cullis, E Plunkett
P.76	7017	8	6	Assessing Patient Safety Culture in a tertiary maternity hospital	<u>AN O'Donoghue</u> , R McMorrow
P.77	5821	8	7	Introduction of a "traffic-light" guideline for obstetric neuraxial anaesthesia - when is it safe to proceed?	T Baumer, <u>O Buffin</u> , P Richardson, M Turner
P.78	6985	8	8	Length of stay and discharge delays for uncomplicated elective caesarean section within an enhanced recovery pathway	<u>R Lawton</u> , J LH Peycke
P.79	6877	8	9	Who are you going to call? Improving awareness of the Obstetric Emergency Team	<u>R Swan</u> , K Arrow, M Smith
P.80	5810	8	10	Giving Birth to Change: Uniting the Concepts of Learning from Excellence and Always Events	<u>G Crossingham</u> , B Evans, L Hofmaier, O Ighodaro, D Mehretab, J Rivera, A Yilmaz, D Viira, F Hannon

Board No 9: Surveys

Poster Number	ID	Board No	Slot	Title	All Authors
P.81	5819	9	1	Anaesthetic consent for elective caesarean section	<u>MA Clayton</u> , RL May, DN Lucas, AL Richardson
P.83	5809	9	2	Partners' experiences in the peripartum period	R Alder, <u>H Kemp</u> , SM Yentis
				Anaesthetic management of twin delivery - an OAA approved	

P.82	6849	9	3	survey of practice	<u>M Salman</u> , T Alexander, SM Yentis
P.84	5742	9	4	Epidural disconnection on labour ward: A case for national guidelines	<u>R Han</u> , L Wee, R Mangwiro
P.85	6875	9	5	Intermediate dose low molecular weight heparin during pregnancy	<u>S Kakad</u> , R George, T Husain
P.86	6990	9	6	National survey on management practices of spinal anaesthesia induced hypotension during caesarean section.	<u>R ffrench-O'Carroll</u> , T Tan
P.87	7024	9	7	Safe administration of local anaesthetic agents in the obstetric unit - a multidisciplinary survey of practice	<u>M Van Velze</u> , J Tyler, F Corcoran
P.88	7022	9	8	Maternal survey on the awareness of effects of nitrous oxide on the environment	<u>C Koganti</u> , W Musselbr, K Bhatia
P.89	5789	9	9	Oxytocin extravasation during infusion in maternity units: a survey of obstetric anaesthetic leads in the West Midlands	<u>K Blyth</u> , J Marriott
P.90	5695	9	10	Birth partner attendance for caesarean delivery under general anaesthesia. A survey of opinions.	<u>CV Taylor</u> , MA Bewlay, R Cookson

Board No 10: Case Reports

Poster Number	ID	Board No	Slot	Title	All Authors
P.91	6864	10	1	The effect of high flow nasal oxygen on pulmonary arterial pressures and pulmonary arterial saturations in a pregnant patient with severe idiopathic pulmonary hypertension: A case study.	<u>E Bryson</u> , L Arrandale, N Nguyen-Lu
P.92	6913	10	2	A Case of Water Intoxication complicated by Acute Kidney Injury	<u>E Thomas</u> , J Lloyd-Evans, V Victor
P.93	5738	10	3	Recurrent bladder paraganglioma in pregnancy	<u>A Carter</u> , R Russell
P.94	5732	10	4	The use of multi-level neuraxial anaesthesia in a patient with a history of spinal tuberculosis and thoracolumbar kyphosis for caesarean delivery.	<u>R Kearsley</u> , S Elliott, C Smith, G Stocks
P.95	5743	10	5	Hearing loss during elective caesarian section under spinal anaesthesia	<u>A J Brewster</u> , S E Taylor, A Poulos
P.96	5768	10	6	Use of high flow nasal oxygen in acute pulmonary oedema secondary to severe pre-eclampsia	<u>NL Boyer</u> , CJC Chapman, NS Jenkins, RM Sparrow
P.97	6855	10	7	Gestational thrombocytopenia due to vitamin B12 deficiency: a rare case	<u>Marium Raza</u> , Thomas Jones, Preeti Dewan
P.98	6903	10	8	Raising awareness of hyponatraemia in labour	<u>K A Sainsbury</u> , S Gohil
P.99	5689	10	9	Subglottic stenosis in pregnancy	R Russell, <u>T Qureshi</u>
P.100	6883	10	10	Challenging management of a rare case of anti-D allergy	<u>S Wood-Gismera</u> , S Dhileepan
