ORAL PRESENTATIONS
(The presenter is underlined)  (T) indicates a Trainee poster

Session 1: Thursday 26 May 2011

O.1  11:30:00  (T) The effect of neck warming on shivering during labour with epidural analgesia
  TA Tanqueray, M Mackenzie, SM Yentis, PJ Steer

O.2  11:37:30  (T) Testing the block for caesarean section - leaving touch out in the cold
  MA Walters, M Van de Velde

O.3  11:45:00  (T) Can phenylephrine infusions cause reactive hypertension during elective caesarean section?
  A Stewart, R Fernando, S McDonald, R Hignett, T Jones, M Colomb

O.4  11:52:30  (T) Timing of prophylactic antibiotics at caesarean section: a national survey of current practice and opinion
  M Poole, M Rucklidge, E Hartsilver, T Kay

O.5  12:00:00  (T) Caesarean section surgical site infection surveillance
  KO Enohumah, S Corcoran, J Loughrey

O.6  12:07:30  (T) A bigger needle for a big problem?
  R Treadgold, S Hussain, S Morris, D Nicholson, R Collis

O.7  12:15:00  (T) Systematic review of intrathecal magnesium alone or with local anaesthetics and opioids for obstetric analgesia
  AP Morrison, A Banerjee, C Mackie, C Grassman, JM Hunter

O.8  12:22:30  (T) The effects of Head Elevated Ramped Position during combined spinal epidural anaesthesia for elective caesarean delivery
  KL Cheesman, JM Douglas, S Massey, S Saran, A Murdoch

O.9  12:30:00  (T) Do epidurals lead to perineal trauma? A three year review
  MA Walters, K Pouls, J Van Acker, C Lebrun, M Van de Velde

O.10 12:37:30  (T) SAFE Handover: An audit of the efficacy of a structured handover tool
  IDW Bailes, A Dharmadasa, DN Lucas, K Rao, PN Robinson

Session 2: Friday 27 May 2011

O.13 10:45:00  (T) A comparison of disconnection strengths of epidural catheter connectors
  JB Springett, N Peters, S Yentis

O.14 10:52:30  (T) Does position in the passive second stage of labour affect birth outcome in nulliparous women using epidural analgesia
  AM Theron, R Baraz, D Thorp-Jones, J Sanders, R Collis

O.15 11:00:00  (T) Low-dose CSE for caesarean section: Training and quality of anaesthesia
  MA Walters, K Pouls, J Van Acker, C Lebrun, M Van de Velde

O.16 11:07:30  (T) The utility of CUSUM scoring in the assessment of trainees in a teaching hospital
  HM Margatroyd, NL Scott, MJ deMartino, M Purva

O.17 11:15:00  The incidence and outcomes of uterine rupture in the United Kingdom
  K Fitzpatrick, JJ Kurinczuk, Z Alfievic, P Spark, P Brocklehurst, M Knight

O.18 11:22:30  Blood patches may cause significant scarring in the epidural space: two case reports
  C Collier

O.19 11:30:00  The incidence of epidural analgesia for caesarean section negatively correlates with caesarean section rates in Canada
O.1 11:30:00 (T) The effect of neck warming on shivering during labour with epidural analgesia
TA Tanqueray, M Mackenzie, SM Yentis, PJ Steer

O.2 11:37:30 (T) Testing the block for caesarean section - leaving touch out in the cold
MA Walters, M Van de Velde

O.3 11:45:00 (T) Can phenylephrine infusions cause reactive hypertension during elective caesarean section?
A Stewart, R Fernando, S McDonald, R Hignett, T Jones, M Colomb

O.4 11:52:30 (T) Timing of prophylactic antibiotics at caesarean section: a national survey of current practice and opinion
M Poole, M Rucklidge, E Hartsilver, T Kay

O.5 12:00:00 (T) Caesarean section surgical site infection surveillance
KO Enohumah, S Corcoran, J Loughrey

O.6 12:07:30 (T) A bigger needle for a big problem?
R Treadgold, S Hussain, S Morris, D Nicholson, R Collis

O.7 12:15:00 (T) Systematic review of intrathecal magnesium alone or with local anaesthetics and opioids for obstetric analgesia
AP Morrison, A Banerjee, C Mackie, C Grassman, JM Hunter

O.8 12:22:30 (T) The effects of Head Elevated Ramped Position during combined spinal epidural anaesthesia for elective caesarean delivery
KL Cheesman, JM Douglas, S Massey, S Saran, A Murdoch

O.9 12:30:00 (T) Do epidurals lead to perineal trauma? A three year review
D Morland, MW MacDougall, S Malone, R Marr

O.10 12:37:30 (T) Anaesthesia for caesarean section of very preterm infants
S Soltanifar, R Russell

O.11 12:45:00 (T) Is seeing really believing in obstetric haemorrhage? A multidisciplinary training exercise
C L Johnston, E Ogilvie, E Evans

O.12 12:52:30 (T) SAFE Handover: An audit of the efficacy of a structured handover tool
IDW Bailes, A Dharmadasa, DN Lucas, K Rao, PN Robinson

O.13 10:45:00 (T) A comparison of disconnection strengths of epidural catheter connectors
JB Springett, N Peters, S Yentis

O.14 10:52:30 (T) Does position in the passive second stage of labour affect birth outcome in nulliparous women using epidural analgesia
A Theron, R Baraz, D Thorp-Jones, J Sanders, R Collis

O.15 11:00:00 (T) Low-dose CSE for caesarean section: Training and quality of anaesthesia
MA Walters, K Pouls, J Van Acker, C Lebrun, M Van de Velde

O.16 11:07:30 (T) The utility of CUSUM scoring in the assessment of trainees in a teaching hospital
H Murgatroyd, NL Scott, MJ deMartino, M Purva

O.17 11:15:00 The incidence and outcomes of uterine rupture in the United Kingdom
K Fitzpatrick, JJ Kurinczuk, Z Alfirevic, P Spark, P Brocklehurst, M Knight

O.18 11:22:30 Blood patches may cause significant scarring in the epidural space: two case reports
C Collier

O.19 11:30:00 The incidence of epidural analgesia for caesarean section negatively correlates with caesarean section rates in Canada
SH Halpern, M Silva

O.20 11:37:30 The use of a novel pulsatile cerebrospinal fluid model to assess pressure manometry and fluid sampling through spinal needles: support for the use of a 22-gauge spinal needle with a tapered 27-gauge pencil-point tip.
Y Ginosar, Y Ginosar, Jordana Lovett, Y Smith, T Ben-Hur, EM Davidson
