

Obstetric Anaesthesia Annual Scientific Meeting 2026

14-15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026

Thursday 14th May 2026 16:20pm

Day 1 Poster Board 1 – D1PB1

ORDER	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7162741	Using a multidisciplinary World Café to engage patients to codesign quality improvement ideas surrounding elective caesarean service provision	Trina Ratnasingham	D1PB1	16:20 – 16:25	P.001
2	7158787	Evaluation of anaesthetic technique and its effect on blood loss and transfusion risk in Placenta Accreta Spectrum Disorder	Ime Eka	D1PB1	16:25 – 16:30	P.002
3	7162608	Pregnancy-Associated Cancer in Scotland (2007 – 2018): A retrospective population – based cohort study	Sarjit Singh	D1PB1	16:30 – 16:35	P.003
4	7158775	From retrospective audit to real-time improvement: A year of live and continuous quality improvement in obstetric anaesthesia	Gareth Byrne	D1PB1	16:35– 16:40	P.004
5	7157624	Placenta Accreta Spectrum vs uterine dehiscence: interventional radiology and haemorrhage management	Malcom Broom	D1PB1	16:40 – 16:45	P.005
6	7157910	Acute colonic pseudo-obstruction and ileus following caesarean section: a three year service evaluation	Mathew Lyons	D1PB1	16:45– 16:50	P.006

7	7161314	From Syntocinon to carbetocin: effects on postpartum haemorrhage after Caesarean birth	Cecily Christopher	D1PB1	16:50-16:55	P.007
8	7150020	Developing a web-based app for calculation of measured blood loss in obstetrics: a quality improvement project	Holly Lamont	D1PB1	16:55-17:00	P.008
9	7158074	Development of a post-partum neuropraxia pathway with a novel patient initiated follow-up route	Lydia Fletcher	D1PB1	17:00-17:05	P.009
10	7163801	Creating order out of chaos: a quality improvement project evaluating a structured SITREP communication tool during major obstetric haemorrhage	Alexander Brazier	D1PB1	17:05-17:10	P.010
11	7160238	Service evaluation of qLabs® FIB point-of-care fibrinogen testing in acute obstetric haemorrhage in a UK maternity unit	Debadutta Behera	D1PB1	17:10-17:15	P.011
12	7158222	Factors influencing dose escalation of remifentanyl patient-controlled analgesia in labour	Lindsay Dawson	D1PB1	17:15-17:20	P.012

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board 2 – D1PB2

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7160273	Safe delivery in super-obesity: a case report highlighting multidisciplinary perioperative planning requirement and resource implications	Lydia Fletcher	D1PB2	16:20 – 16:25	P.023
2	7161262	Maternal assisted caesarean birth: trauma informed care, or a reach too far	Clare Twomey	D1PB2	16:25 – 16:30	P.013
3	7148570	Post-partum spinal metastases from choriocarcinoma presenting as suspected neuraxial complication	Iolo Roberts	D1PB2	16:30 – 16:35	P.014
4	7160410	Autonomy at the edge of risk: Anaesthetic management of a high-risk obstetric patient refusing standard care	Luke Hartley-Hawkins	D1PB2	16:35– 16:40	P.015
5	7158320	Mechanical circulatory support for maternal cardiac arrest secondary to high neuraxial block in a patient with class three obesity: a case report	Isabelle Kamenou	D1PB2	16:40 – 16:45	P.016
6	7159675	Severe Hyperemesis Gravidarum presenting in active labour with multi-system derangement	Georgina Carnaby	D1PB2	16:45– 16:50	P.017
7	7157189	Acute fatty liver of pregnancy complicated by multiorgan failure requiring renal replacement therapy: a multidisciplinary case report	Priya Sharma	D1PB2	16:50-16:55	P.018

8	7160405	The role of MDT planning and simulation-based rehearsal in the anaesthetic management of a BMI 82kg/m ² parturient	Eleanor Humphrey	D1PB2	16:55-17:00	P.019
9	7161221	Transient ischaemic attack and paradoxical embolism during caesarean delivery under spinal anaesthesia	Lea Rupert	D1PB2	17:00-17:05	P.020
10	7157205	Treat first, deliver second: management of aneurysmal subarachnoid haemorrhage in late pregnancy	Angus Royal	D1PB2	17:05-17:10	P.021
11	7156558	Extensive postpartum iliofemoral DVT mimicking neuraxial complications: A case report	Rebecca Browning	D1PB2	17:10-17:15	P.022
12	7160871	Anaesthetic strategies for caesarean delivery in patients with Fontan physiology: a case series	Menka Chachlani	D1PB2	17:15-17:20	P.024

Obstetric Anaesthesia Annual Scientific Meeting 2026

14-15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026

Thursday 14th May 2026 16:20pm

Day 1 Poster Board Number 3– D1PB3

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7160613	Reduction in unnecessary blood product transfusion following introduction of point of care testing coagulation in post-partum haemorrhage	Debadutta Behera	D1PB3	16:20 – 16:25	P.025
2	7159218	Secondary analysis of major postpartum haemorrhage thromboprophylaxis timing	Mohammed Salih	D1PB3	16:25 – 16:30	P.026
3	7162401	Strength in numbers: Validation of TEG 6s and ROTEM Sigma devices across 35 sites in the Obstetric Bleeding Study UK (OBS UK)	Sarah Bell	D1PB3	16:30 – 16:35	P.027
4	7124498	Improving outcomes in major obstetric haemorrhage: a tertiary maternity centre experience	Louise Matthewson	D1PB3	16:35– 16:40	P.028
5	7159356	An audit of single unit blood transfusions in the management of postpartum haemorrhage: can they be avoided?	Michelle Bone	D1PB3	16:40 – 16:45	P.029
6	7159661	Evaluation of current cell salvage use in obstetric theatres at Liverpool Women's Hospital	Aimee Hairon	D1PB3	16:45– 16:50	P.030

7	7149399	Improving communication during a Major Obstetric Haemorrhage: a second cycle Quality Improvement Project	Eleanor Humphry	D1PB3	16:50-16:55	P.031
8	7162421	Audit of senior anaesthetic involvement in major obstetric haemorrhage at Gloucestershire Royal Hospital (GRH) – part of the REDUCE project	Rosie Hughes	D1PB3	16:55-17:00	P.032
9	7162720	Improving communication and team dynamics during obstetric haemorrhage	Colin Rooney	D1PB3	17:00-17:05	P.033
10	7156639	Reducing blood product wastage in obstetric haemorrhage: findings from two maternity units	Flora Kormendy	D1PB3	17:05-17:10	P.034
11	7157338	An audit of uterotonic selection: optimising postpartum haemorrhage management in caesarean deliveries	Craig Lambert	D1PB3	17:10-17:15	P.035
12	7157532	Optimising cell salvage and swab washing in a tertiary maternity unit	Fiona Auld	D1PB3	17:15-17:20	P.036

Obstetric Anaesthesia Annual Scientific Meeting 2026

14-15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board 4 – D1PB4

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7160759	Achieving routine use of opioids at induction of general anaesthesia in obstetric patients at a large tertiary unit	Lisa Dewar	D1PB4	16:20 – 16:25	P.045
2	7162502	Evaluation of spinal dose administered to short stature parturients having a caesarean delivery and the associated complications	Kezia Babu	D1PB4	16:25 – 16:30	P.037
3	7158765	Patient safety in obstetric general anaesthesia – a multi-stage quality improvement project in a tertiary centre	Lucy Nevin	D1PB4	16:30 – 16:35	P.038
4	7146777	Chronic pain and impaired recovery after caesarean delivery – A nationwide prospective cohort study	Patricia Duch	D1PB4	16:35– 16:40	P.039
5	7158414	Assessing the prescription and administration of Enoxaparin in caesarean births	Rachel Kearns	D1PB4	16:40 – 16:45	P.040
6	7162467	Length of stay after caesarean section: benchmarking and identifying drivers of prolonged admission in a UK district general hospital maternity unit	Gursharan Singh Sandhu	D1PB4	16:45– 16:50	P.041

7	7160865	Association between anaesthetic technique and post operative pain following lower segment caesarean section for placenta accreta spectrum disorder	Amy Baigent	D1PB4	16:50-16:55	P.042
8	7161105	Shivering during caesarean delivery: A narrative review with systematic methodology of incidence, mechanisms and management	Amelia Bowman	D1PB4	16:55-17:00	P.043
9	7159298	Audit of the management of women presenting for Caesarean section with ineffective labour epidural analgesia	Smrithi Shreenath Upadhya	D1PB4	17:00-17:05	P.044
10	7157343	Anaesthetic approach to cervical cerclage: a retrospective service evaluation in a tertiary obstetric centre	Matthew Wigley	D1PB4	17:05-17:10	P.046
11	7148571	High flow nasal oxygen verses face mask preoxygenation of pregnant patients with high body mass: a crossover noninferiority randomised controlled trial	Patrick Chee Fei Tan	D1PB4	17:10-17:15	P.047
12	7162722	Pain and discomfort reported during caesarean section – a district general hospital perspective	Calum Carslaw	D1PB4	17:15-17:20	P.048

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board 5 – D1PB5

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7162430	A qualitative quality improvement evaluation of antenatal epidural education and postnatal escalation pathways	Jade Courcol	D1PB5	16:20 – 16:25	P.050
2	7160748	The first 15 months of a post-natal anaesthetic clinic	Matt Turner	D1PB5	16:25 – 16:30	P.051
3	7157377	Reducing the number of overnight stays post cervical cerclage: a tertiary centre's experience with prilocaine	Elizabeth Pope	D1PB5	16:30 – 16:35	P.052
4	7159442	Postpartum neurological complications after neuraxial analgesia: ten year review of MRI spine requests in a tertiary obstetric centre	Harrison Plumpton	D1PB5	16:35– 16:40	P.053
5	7163795	Postnatal anaesthetic clinic representation of attenders by age, ethnicity and deprivation	Toby Culling	D1PB5	16:40 – 16:45	P.054
6	7158683	Highlighting recovery or spotlighting progression? A service evaluation of neuraxial recovery	David Swales	D1PB5	16:45– 16:50	P.055
7	7161081	One year on: patient feedback and clinician insights from a postnatal anaesthetic clinic at a high-risk tertiary centre	Luke Fessey	D1PB5	16:50-16:55	P.056

8	7163788	From variation to consistency: regional collaboration to develop standardised referral criteria for anaesthetic high-risk clinics	Laura Grant	D1PB5	16:55-17:00	P.057
9	7162482	Digitalisation: increasing obstetric anaesthesia follow-up rates by introducing electronic solutions	Tamsyn Glover	D1PB5	17:00-17:05	P.058
10	7162506	Optimising anaemia management in the antenatal period: a quality improvement approach	Sarjit Singh	D1PB5	17:05-17:10	P.049
11	7146307	Evaluation of utilisation and referral quality to an obstetric anaesthesia pre-assessment clinic	Isabelle Kamenou	D1PB5	17:10-17:15	P.059
12	7158560	Antenatal preparation enhancement for caesarean delivery through anaesthesia focused education	Sophie Shinnors	D1PB5	17:15-17:20	P.060

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board 6 – D1PB6

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7163798	Improving readiness for obstetric emergencies in a non-obstetric hospital: a baseline audit and quality improvement project	Emma Bradley	D1PB6	16:20 – 16:25	P.061
2	7162527	A review of obstetric anaesthesia NHS Resolution cases in England from 2006 to 2025	Keiran Brosnan	D1PB6	16:25 – 16:30	P.062
3	7161153	Efficiency gains under pressure: adapting elective caesarean section services to rising demand in a tertiary maternity unit	Kate Rahnejat	D1PB6	16:30 – 16:35	P.063
4	7159420	Complex care requires complex metrics: evaluating out-of-hours obstetric anaesthetic workload intensity in a tertiary unit	Laura Grant	D1PB6	16:35– 16:40	P.064
5	7162511	Neurological recovery and access to urgent imaging following obstetric neuraxial anaesthesia: a service evaluation	William Sargent	D1PB6	16:40 – 16:45	P.065
6	7161243	Introducing an epidural safety checklist to improve CTG communication on delivery suite	Calum Richardson	D1PB6	16:45– 16:50	P.066
7	7157021	Implementing a delivery suite transfer checklist	Victoria Prabhu	D1PB6	16:50-16:55	P.067

8	7161108	More than a spinal : the anaesthetist's impact on safety, trust, and patient experience in planned caesarean birth	Sarah Hudson	D1PB6	16:55-17:00	P.068
9	7163817	A quality improvement project to create an epidural troubleshooting guideline for midwives	Graham Skalley	D1PB6	17:00-17:05	P.070
10	7149243	Empowering patients through video: enhancing the labour epidural consent experience	Grace Bickmore	D1PB6	17:05-17:10	P.071
11	7157328	Persistence pays off – Closing the loop a second time on improving epidural waiting times to benefit patients and anaesthetists	Rachel Spiro	D1PB6	17:10-17:15	P.072
12	7161324	From brief to birth: improving maternity theatre safety with the LABOUR checklist	Cecily Christopher	D1PB6	17:15-17:20	P.069

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:30pm

Day 1 Board Number 7 – D1PB7						
Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7162475	Post-operative analgesia and opioid use after caesarean section	Emma Durrant	D1PB7	16:20 – 16:25	P.073
2	7157232	A comparative evaluation of complication rates following transition from luer to NRFit epidural systems for labour analgesia	Clare Taylor	D1PB7	16:25 – 16:30	P.074
3	7162614	Remifentanil PCA Safety in labour: a retrospective review with focus on BMI and respiratory outcomes	Seamus Daly	D1PB7	16:30 – 16:35	P.075
4	7160723	Ethnic variations in the utilisation of remifentanil patient-controlled analgesia and epidural analgesia during labour	Katie Rowland	D1PB7	16:35– 16:40	P.076
5	7161050	How to fail at quality improvement in obstetric anaesthesia: exploring a project to introduce oral paracetamol for elective LSCS	Lara Allen	D1PB7	16:40 – 16:45	P.077
6	7164504	Analgesia Practices After PAS Delivery: Impact of New Guideline	Kirsty McCrorie	D1PB7	16:45– 16:50	P.078
7	7159644	A comparison between PIEB/PCEA and midwife-delivered epidural bolus for labour analgesia on patient satisfaction, mobility and staff workload	Sian See Tan	D1PB7	16:50-16:55	P.079

8	7147049	Investigating equity of provision of labour epidural analgesia using K2 Athena system	William Weatherhead	D1PB7	16:55-17:00	P.080
9	7159123	Pain control on your terms; a parent's choice	Alexander Ferriman	D1PB7	17:00-17:05	P.081
10	7163820	18G Tuohy needles: A review of their introduction to the maternity unit	Johnathan Harrison	D1PB7	17:05-17:10	P.082
11	7157214	Developing guidance for managing difficult labour epidurals	Anna Wozniak	D1PB7	17:10-17:15	P.083
12	7158048	The effectiveness of timed intermitted epidural dolus verses patient controlled epidural analgesia for primiparous women in a developing country	Caroline Chukwu	D1PB7	17:15-17:20	P.084

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board Number 8 – D1PB8

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7156839	Developing a structured maternal ICU care bundle to improve maternal holistic support: the MOTHERS bundle	Unzillah Khan	D1PB8	16:20 – 16:25	P.085
2	7162605	Maternal Enhanced and Critical Care (MEaCC): Postpartum haemorrhage (PPH) data analysis for 2525 women to inform Maternal Care Bundle implementation	Ben Soni	D1PB8	16:25 – 16:30	P.086
3	7161336	Improving documentation in an obstetric high dependency unit	Jennifer Hawkins	D1PB8	16:30 – 16:35	P.087
4	7148572	Short term haemodynamic effects of high flow nasal oxygen in pregnant patients with hypertension – a safety and feasibility study	Patrick Chee Fei Tan	D1PB8	16:35– 16:40	P.088
5	7162491	Maternity critical care / high dependency unit (HDU) Report – 20224. The Rotunda Hospital Dublin	Mark Hoey	D1PB8	16:40 – 16:45	P.089
6	7163804	Maternal medicine network and obstetric intensive care admissions at a London North West University Healthcare NHS Trust	Shriyam Patel	D1PB8	16:45– 16:50	P.090
7	7158306	Major trauma in pregnancy: a three-year case review at a Scottish major trauma centre	Emma Durrant	D1PB8	16:50-16:55	P.091

8	7161176	Optimising airway safety in obstetrics: a five-year quality improvement project using first-line video-laryngoscopy in over 1,000 intubations	Lisa Dewar	D1PB8	16:55-17:00	P.092
9	7162500	Failed extubation and reintubation, complicated by tension pneumothorax	Sarah Higgi	D1PB8	17:00-17:05	P.093
10	7159059	Pregnancy associated fibrous epulis: a hidden cause of difficult intubation	Myles Woodman	D1PB8	17:05-17:10	P.094
11	7161063	Anaesthetic challenges of caesarean delivery in a parturient with central airway obstruction	Sarah Kipling	D1PB8	17:10-17:15	P.095
12	7163810	Improving airway documentation in obstetric anaesthesia	Lyndsay Harris	D1PB8	17:15-17:20	P.096

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board Number 9 – D1PB9

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7159060	Improving midwives' confidence in managing high-dependency maternal care	Mia Nunes	D1PB9	16:20 – 16:25	P.097
2	7162598	Making simulation stick: overcoming barriers to ward-based MDT simulation in a busy tertiary maternity unit	Flora Kormendy	D1PB9	16:25 – 16:30	P.106
3	7162765	Evaluating in-situ simulation accessibility and impact within maternity services	Sapna Hassasing	D1PB9	16:30 – 16:35	P.098
4	7162472	Peer teaching in obstetric anaesthesia: the OATS initiative	Katie Turnbull	D1PB9	16:35– 16:40	P.099
5	7162684	Improving obstetric anaesthesia training with multidisciplinary maternal medicine simulation	Dipayan Choudhuri	D1PB9	16:40 – 16:45	P.100
6	7163821	Enhancing emergency preparedness for obstetric emergencies outside of obstetric centres: A multidisciplinary quality improvement initiative	Ciara Crotty	D1PB9	16:45– 16:50	P.101
7	7162769	Remifentanyl patient controlled analgesia (PCA) in labour: raising awareness to improve choice	Ceit Cunningham	D1PB9	16:50-16:55	P.102

8	7162747	Why not Remifentanyl PCA? From 'Can we?' to 'We are' in labour analgesia	Muhammed Elgharabawy	D1PB9	16:55-17:00	P.103
9	7158445	A QR code based multimodal education pathway to support consent and positioning for neuraxial anaesthesia in obstetrics	Azaresh Ramineedi	D1PB9	17:00-17:05	P.104
10	7157215	Improving preparedness for obstetric airway emergencies: integrating simulation training into a local induction programme	Eleanor Tanqueray	D1PB9	17:05-17:10	P.105
11	7160276	In-situ simulation to reduce time-to-blood in major obstetric haemorrhage	Jennifer Hawkins	D1PB9	17:10-17:15	P.107
12	7162512	A 'topic of the week' quality improvement intervention to enhance formal teaching during obstetric anaesthesia placements	Lisa Dewar	D1PB9	17:15-17:20	P.108

Obstetric Anaesthesia Annual Scientific Meeting 2026

14–15 May 2026, Liverpool Convention Centre

ePoster Presentations ASM 2026
Thursday 14th May 2026 16:20pm

Day 1 Poster Board 10 – D1PB10

Order	Abstract	Title	Presenter	Board Number	Presentation date/time	Poster Number (IJOA REF)
1	7132940	The effect of virtual reality technology on stress-associated biomarkers in the perioperative period during caesarean section	Sanzhar Makishev	D1PB10	16:20 – 16:25	P.109
2	7163792	Epidural needle sizes in the UK and the rest of the world	Jonathan Harrison	D1PB10	16:25 – 16:30	P.110
3	7162488	'It's a-gal!' – a case report of alpha-gal syndrome in the obstetric patient	Niamh McKeating	D1PB10	16:30 – 16:35	P.111
4	7163791	Gowns off for single shot spinal anaesthesia: a quality improvement project with an environmental focus	Joseph Shaw	D1PB10	16:35– 16:40	P.112
5	7155691	Obstetric rapid sequence induction: A national survey of current practice	Hannah Donaldson	D1PB10	16:40 – 16:45	P.113
6	7163808	Optimising anaesthetic care for the morbidly obese parturient: recommendations from a single-centre service evaluation	Zuzana Hutkova	D1PB10	16:45– 16:50	P.114
7	7158091	Development of the post obstetric theatre assessment tool (POTATo) as a quality improvement tool in a tertiary maternity unit	Fiona Auld	D1PB10	16:50-16:55	P.115

8	7158044	Shake it Off: a quality improvement project to reduce intraoperative shivering in obstetric patients under neuraxial anaesthesia	Nuwan Dahanayake	D1PB10	16:55-17:00	P.116
9	7157493	Intrapartum management of a patient with a vagal nerve stimulator: anaesthetic challenges	Katie Turnbull	D1PB10	17:00-17:05	P.119
10	7157361	Post-partum neuropathy: a review of 68 cases at eh princess royal maternity hospital	Rachel Kearns	D1PB10	17:05-17:10	P.117
11	7162643	Early initiation of skin to skin contact during caesarean birth: a quality improvement project	Holly Lamont	D1PB10	17:10-17:15	P.120
